On the 10th anniversary of 9/11, United Way of Larimer County invites you to attend a screening of the new documentary *New York Says Thank You*, an inspirational film that profiles a national Pay-it-Forward movement that evolved from a five-year-old New York City boy's idea to help others after 9/11. It charts the journey of four New Yorkers whose lives were touched by September 11 as they travel the country to help communities rebuild after their own disasters. The film casts a hopeful light in the shadow of the tragic day as, every September, New Yorkers are joined by an ever-growing group of disaster survivors and volunteers from around the country to pay forward the support they once received.

After the film, attendees will be invited to join the 9/11 tribute movement by pledging to voluntarily spend time helping and being kind to others in tribute to the 9/11 victims and heroes.
